Good evening Jim and Michael,

I have to cover an event in Grand Rapids that's at the same times as the meeting in Kalamazoo tomorrow evening. So, my editors would like me to write up some radio headlines to preview the EPA's meeting instead. Is there any way I could talk to either of you today about tomorrow's presentation? Specifically, can you tell me anything about the ground water report or the next steps? Is anything different from the meeting in the spring? If you could, please let me know either way. Thanks!

All the best,
